Hi Todd,

Agreed that Duncan had done a Coast to Coast radio interview though his first national (TV) MEDIA show was interview was with Jesse V.

Please appreciate we are US gov whistleblowers bound by the tenants of the US Government Whistleblowers *Protection Act*.

If we did not experience something or were a witness to it we are prohibited by law to use our public image to appear as an authority and/or a information referral source.

While I know as fact that certain remote mind control technologies exist and are used I cannot discuss what I know because I only saw it **after** I became disenfranchised from my work within the intelligence communities . I would have imagined that Duncan would be the best source for you especially since he wrote the book on the topic.

I wish I could be of more help...however **for my sake** I won't risk loosing a quarter century of remaining a credible global source for trauma based mind control details.

Best Regards,
Mark

By the way I think Duncan's first national media appearance is technically his coast to coast am interview from 2006, which is one of my favorite interviews. Coast to Coast AM is broadcast nationally and world wide. It receives millions of listeners per show.

The conspiracy theory ep is his first national cable TV appearance. Its a nice ep. I have the full episode and audio clips of you and duncan's scene as proof of the targeting. It has been listened to 10,000s of times on my site, 300 unique visitors come by a day to the front page..

I have collected nearly every radio show and interview duncan has done, even rare and hard to find ones, but I am missing a few as they are no longer anywhere to be found after years.

You might have a large collection of pdfs, audio files, video files and the like that others don't possess on targeting, mind control, government operations, surveillance, etc. I hear ted gunderson had dvds for example he used to hand out, but now he's gone and we are out of luck.

Let me say I would love to receive any material you have for archival, sharing with other TIs, or use in court, or just for education.

I generally upload it all to oregonstatehospital.net and people download it there.. the site gets overloaded at times, as people download terabytes a day.

Hey Todd,

Yes we are very aware of what he has released and most everything about him.

I introduced him on the Jesse Ventura "conspiracy show", his 1st national media broadcast appearance.

As US government whistleblowers we cannot promote what he reports...only point others to do their own research.

All The Best,

Mark

Good info on electronic warfare targeting, and info tying the continued abuse to Barack Obama's administration (because of bioethics committee testimony and letter they sent out in 2011 that says the White House/Barack Obama would be fully informed).
